The first-place winner will receive a check in the amount of the interest earned on the principle of the Cassie S. Dollar Rehabilitative Service Award account each year, as off February 28-29. This money is to be used by the Club to further their service projects.

Judging Criteria

The judges may disqualify any entry for violating any rule of entry.

In evaluating entries, the judges will place primary importance on the narrative. Substantiating materials will be considered only in a supplementary perspective.

The amount of funds expended on an activity will not play a prominent role in selecting the award winners nor will the number of individuals helped, as a rehabilitative project may only assist a single individual but make an enormous difference in his or her life.

In selecting award winner, the judges will take into consideration the selection, development, implementation and evaluation of the service project. Questions are listed under the criteria to aid judges in evaluating the components of the service project. These questions are not all-inclusive, but are intended as a guide in applying the judging criteria. The clubs can use the judging criteria and score sheet as a guideline for action, from beginning to end, of the service project.
