

Growing in Service

In July 1965, Altrusa International, Inc. appointed a special Youth Group Committee to identify and develop a suggested structure and name for youth groups sponsored by Altrusa Clubs. Since then, we have grown to 88 ASTRA clubs across the United States, Puerto Rico and New Zealand. District Three. Proudly has 7 ASTRA clubs sponsored by the following Altrusa clubs:

ASTRA Club of Cabarrus County Home School Association (Charlotte, NC)

ASTRA Club of Charlotte, NC (Charlotte, NC)

ASTRA Club of the University of Florida (Gainesville, FL)

ASTRA Club of Epiphany (Lake City, FL)

ASTRA Club of Lake Weir High School (Ocala, FL)

Forest High School ASTRA Club (Ocala, FL)

TL Hanna High School (Spartanburg, SC)

Starting an ASTRA Club is easy... just get a group of students together and then decide on a project to do that will improve their community.....Well, maybe it's a little more involved, but not much more. The most important part is involving the students. ASTRA members are provided opportunities to learn leadership skills, personal development, career planning and preparation, as well as citizenship development.

ASTRA Club Types:

- Middle/High School
- Home School
- Vocational School/Occupational Center College/University
- Other Community organization
